SUMMARY

Java Backend Engineer with 7+ years of experience designing, developing, and maintaining backend systems using Java and Spring Boot. Experienced in workflow and case management platforms, BPMN-based processes, authentication and authorization, system integrations, and distributed backend services. Hands-on experience with Camunda, Bonita, Keycloak, Kafka, and Elasticsearch, with a strong focus on building reliable, maintainable, and scalable backend solutions. Committed to continuous learning and expanding my knowledge of software architecture, distributed systems, and modern backend technologies.

TECHNICAL SKILLS

Backend: Java, Spring Boot, Spring Security, Spring Data, REST APIs

Workflow & BPM: BPMN, Camunda, Bonita

Security & Identity: Keycloak, Custom Keycloak SPIs, OAuth 2.0, JWT

Messaging & Data: Kafka, PostgreSQL, Elasticsearch, SQL

Architecture & Testing: Microservices, Design Patterns, JUnit

DevOps & Tools: Docker, Jenkins, Maven, Git, Linux, Kibana

PROFESSIONAL EXPERIENCE

Maguay, Java Backend Developer

09/2021 – Present | Bucharest, Romania

- Design, develop, maintain, and improve Java and Spring Boot backend services for a workflow and case management platform.
- Design and implement BPMN-based business processes and workflow functionality using Camunda and Bonita.
- Improve existing services with a focus on performance, reliability, maintainability, and delivery of new backend functionality.
- Implement authentication and authorization solutions using Keycloak, including custom SPIs and backend integrations.
- Work with Kafka and Elasticsearch, and build integrations with external systems, including healthcare applications and GPS-based transport tracking.

Baharan, Java Developer

06/2018 – 12/2020 | Tehran, Iran

- Developed a Java desktop application for monitoring and managing network infrastructure using SNMP.
- Designed and developed Spring Boot APIs to support integrations with external systems and applications.
- Implemented backend services for collecting, processing, and analyzing network monitoring and performance data.

EDUCATION

Islamic Azad University (IAU), Master's Degree in Software Engineering

10/2016 – 01/2020 | Tehran, Iran

Islamic Azad University (IAU), Bachelor's Degree in Software Engineering

10/2011 – 10/2015 | Tehran, Iran

LANGUAGES

English (Professional Working Proficiency) | **Persian** (Native)
